Sub: Establishment of StartupTN Pre-Incubation Centre - Sanction Letter - Reg

Ref: Your application for establishing StartupTN Pre-Incubation Centre

Dear Rajas Medical Institutions,

StartupTN is pleased to inform that, following a comprehensive review by the Pre-Incubation Centre (PIC) Management Committee, **Rajas Medical Institutions** has been provisionally selected to establish StartupTN Pre-Incubation Centre.

The PIC is designed to assist early-stage Startups focused on scalable innovations. Its goal is to support at least 25 startups from the student community each year, helping them develop proof of concept/prototype and eventually creating Startups.

Further actions:

StartupTN team will visit the HI to carry out the due diligence process.

1. Upon successful completion of the due diligence process, StartupTN shall issue the final sanction order for the establishment of the Pre-Incubation Centre, along with the detailed operational guidelines.
2. Followed by, the HI will be registering a Section 8 Company for the PIC and a separate interest-bearing account should be opened.
3. Upon completion of the Section 8 Company registration, StartupTN and the Pre-Incubation Centre will enter into a Grant-in-Aid Letter Agreement.

Thank you for your commitment to fostering innovation and entrepreneurship in Tamil Nadu.
